- The Confederation of Asian and Pacific Accountants (CAPA) is a regional organisation representing thirty-three national professional accountancy organisations (PAOs) from twenty-four jurisdictions that operate in, or have an interest in, the Asia-Pacific region. These PAOs, referred to as CAPA's members, represent close to 2 million accountants across the region.
- CAPA is one of four regional organisations (ROs) recognised by the global accountancy profession, which is represented by the International Federation of Accountants (IFAC). The other ROs represent PAOs in Europe, Africa, and the Americas.

- CAPA has a unique role within the accountancy profession, positioned between IFAC and the national PAOs, which represent the profession in each jurisdiction. Accordingly, CAPA is better placed to undertake certain initiatives and activities than either IFAC or the PAOs.
- CAPA provides the structure to enable relationship building and knowledge sharing among PAOs operating in the region and to undertake specific activities consistent with the organisation's vision and mission.
- CAPA's mission is supported by medium to long-term strategies and short-term work plans. These embrace both the public and private sectors and all facets of the accountancy profession.
